

Laal band performs at IMSciences

The Art and Culture Society, IMSciences organized for the popular Laal band to perform at the Institute. Students, faculty members and music lovers in huge numbers attended the event. Most students tuned to dance as soon as the performance kicked off. Attendees came in such huge numbers that the convocation hall had no seat left unoccupied and there was hardly any space to stand either.

Laal played many songs including, Main Nay Usay Ye Kaha, Umeed-i-Sahar, Sadaa, Kal and Aaj Aur Kal. The audience responded excellently to all the songs. The band also played some Pashto and Punjabi instrumentals to enchant the audience. The band's lead singer, Dr. Taimur Rahman, who is also Assistant Professor at Lahore University of Management Sciences (LUMS), appreciated the audience's response and showed willingness to perform again for IMSciences.

The purpose behind the peace poetry musical gala was to attract our youth towards a productive and peaceful way of life.
