

IMSciences observes Kashmir Hour

IMSciences on Friday participated in the nation-wide observance of Kashmir Hour. Faculty members, staff members, students and even official guests visiting the Institute at the time all participated in observing Kashmir Hour and exhibiting solidarity with the people of Indian Occupied Kashmir (IOK). Everyone stood in the main lobby of the main academic block in respect of Pakistani National Anthem and Kashmiri Anthem. The participants were holding banners that read,

“IMSciences stands in solidarity with the People of Indian Occupied Kashmir (IOK)”

and

“Let us find a solution through words, not bombs”

Following this, everyone went out of the main block and participated in a peace walk in favour of the people of IOK, showing their solidarity with them.
