

## REPORT ON VISIT OF IMSCIENCES STUDENTS TO US EMBASSY FOR BOOK CLUB

On 3<sup>rd</sup> of August 2017, 12 students from IMSciences were taken on a visit to US Embassy Islamabad under the supervision of Lincoln Corner Coordinator, Riffat Naz. This activity was a result of a joint collaboration between Lincoln Corner IMSciences and US Embassy Islamabad. The purpose of this visit was to participate in the Book Club on the famous title "Slaughterhouse five".

In this session, the students engaged in an interactive discussion about the book. with Ms. Myra Brown (IRC Country representative). Ms. Myra Brown also shared her views about the book. As "Slaughterhouse Five" is a Sci-Fi novel based on the negative effects of war on population, students and Ms. Myra Brown discussed their opinions about the collateral damage caused by wars. They also debated the ways in which the book could be related to US and Pakistan culture.

The participants were also demonstrated on the use of 3D printer. The session was concluded by a brief meeting of participants with (Public Affairs Officer for US Consulate Peshawar) Ms. Bryce.

Ms. Myra Brown was pleased by the active participation of the students. The IMSciences students were also motivated and highly appreciated the arrangement of this book club. They are looking forward to participate in such informational and educational book clubs in future too
