

## **DICE team visits IMSciences**

IMSciences, Peshawar on Saturday hosted a 10 member team of Distinguished Innovations, Collaboration & Entrepreneurship (DICE), including Dr. Khurshid Qureshi; Chairman and Founder, DICE Foundation, USA, Mr. Saad Ellahie; President, DICE Foundation, Chair, DICE Automotive USA, Dr. Sohail Hasan; Chair DICE Health, and the renowned and celebrated Pakistani playwright, dramatist and scriptwriter; Ms. Haseena Moin among others.

Dr. Muhammad Mohsin Khan; Director IMSciences, Dr. Usman Ghani; Joint Director IMSciences and other faculty and staff members of the institute warmly welcomed the guests and had a fruitful discussion with them in the conference room. Dr. Usman Ghani gave a presentation on IMSciences to the DICE team and Dr. Khurshid Qureshi explained the functions of DICE.

DICE Foundation is a US based non-profit, tax-exempt organization. The organization is run by expatriate volunteers from US, UK, Canada and by thought leaders within Pakistan. DICE is a strategic initiative of DICE Foundation, USA aimed at fostering innovation and entrepreneurship culture in Pakistan at all levels. It is an umbrella program, and there are a number of important platforms currently active under this program. The primary objective of each of these platforms is to jump start cycle of innovation in the country necessary for its sustainable development, progress and economic prosperity. DICE arranges mega-scale events around the country to boost the trend of innovation and entrepreneurship in the country.

Being one of the leading business schools of Pakistan, IMSciences has undertaken the responsibility to help DICE arrange a mega-scale event that would help boost innovation and entrepreneurship in the region.
