

Study in the UK – British Council orientation session by CDC IMSciences

The Career Development Center (CDC) at the Institute of Management Sciences hosted an orientation session on “Studying in the UK” in collaboration with the British Council Pakistan. The session was attended by more than 150 students from various programs. Mr. Usman Khalid (Higher Education Mobility) and Mr. Haroon Rashid (Education Program Manager) provided insights into the Study in UK Program, the application process for graduate studies in the UK, and shared information about scholarship opportunities.

At the end of the session, Mr. Syed Ikram Akbar (Manager Business Development) and Mr. Ihsan Iqbal (Business Development Officer) also introduced online IELTS exam practice modules and provided a hands-on experience on how to access IELTS Ready Premium services. They engaged with students, addressing their questions and concerns at the conclusion of their presentation.
