

**Notification / Instructions for All Scholarship Applicants Regarding Cancellation of Full Fee Refund Policy for Session 2021 and Onwards**

The Institute has followed the below mentioned special fee refund policy for scholarship applicants' of fully funded donor based scholarship programs in the 1<sup>st</sup> semester of Session 2020 and earlier.

*“Those applicants who are not recommended / approved for scholarship will be provided with an opportunity to refund their 100% of admission / semester expenses within one week after the decision of the Institutional Scholarship Award Committee Meeting (ISAC) and respected Donors' Scholarship Management Committee (SMC) Meetings or they may continue their education with their own resources.”*

However, a huge number of students cancel their admissions and leftover slots remain vacant for the entire degree duration, causing a huge financial loss to the Institute. Therefore, the Institute has decided to cease / repeal this special fee refund policy from Session 2021 and onwards in all fully funded need based merit scholarship programs. Accordingly, standard fee refund policy of the Institute will be applicable to all students and scholarship applicants.
