The Committee discussed thoroughly the tender document with participants and after a detailed deliberation the following decisions were taken with mutual consensus.

DECISIONS:

It was mutually decided that the following changes be made in the Tender Document

1. The Network Firewall quantity is one (01) for clarification
2. The following clause has been removed
“High availability configuration Active-Active, Active-passive, clustering, must be integrated with existing firewall model Fortigate 1000d for High availability configurations”
AS the proposed firewall does not support existing firewall (Fortigate 1000d) integration
