

Network Switch, Technical Evaluation

S no	Specifications	Ruckus ICX 8200-24P by CMPak Ltd	CISCO 9200-24-E by MegaPlus
1	Branded smart managed Ethernet switch, Cisco or equivalent	comply	comply
2	Access Switch 24 x 10/100/1000 (PoE+) + 4 x Gigabit SFP(1/10Gig), POE, POE+ supported	comply	comply
3	Switch stacking supported	comply	comply
4	data and voice vlans supported	comply	comply
5	Forwarding bandwidth 108 Gbps at least, Switching bandwidth 216 Gbps at least	comply	comply
6	Switching capacity 128 Gbps at least	comply	comply
7	Forwarding rate 190.4 Mpps at least	lacking (not comply)	comply
8	IPv4/IPV6 routing and Multicasting supported	comply	comply
9	QoS scale entries 1,000 at least	comply	comply
10	ACL scale entries 1,600 at least	comply	comply
11	NetFlow supported	comply	comply
12	DRAM 4 GB at least	comply	comply
13	Flash 4 GB at least	comply	comply
14	The quoted model should not be exceeded the EOL (End of life) and EOS (End of sale) date on the manufacture site.	Couldn't verify	comply
15	1 year hardware/software warrant	comply	comply
16	Only manufacture authorized dealer/distributer/retailer etc. can apply for	Authorization Expired	comply
17		The Model is not compatiable with existing Cisco Network	
18		Delivery time 8-10 weeks	Delivery time 12-16 weeks
Unit Price		547,668	1,850,080
